Re: Response to USEPA Comments, dated March 3, 2021 related to the Monitored Natural Attenuation (MNA) Implementation Work Plan (IWP)
Former Chevron Perth Amboy Facility
Perth Amboy, Middlesex County, New Jersey
EPA ID #: NJD081982902

Dear Mr. Conners:

The U.S. Environmental Protection Agency (EPA) Region 2 and the New Jersey Department of Environmental Protection (NJDEP) have completed our review of the Response to USEPA Comments, dated March 3, 2021 related to the Monitored Natural Attenuation Implementation Work Plan, submitted by Chevron Environmental Management Company regarding the Former Chevron Perth Amboy Facility, in Perth Amboy, Middlesex County, New Jersey. The work at this facility is being done in accordance with the EPA Resource Conservation and Recovery Act (RCRA), Hazardous and Solid Waste Amendments (HSWA) Permit of 2013, and the NJDEP Technical Requirements for Site Remediation, N.J.A.C.7:26E. The comments were related to Chevron's MNA IWP, dated September 18, 2018 and the revised MNA IWP/Responses to the July 2019 EPA comments, dated December 12, 2019. We have the following comment for response #3 below:

Response to Comment #3: The response identifies two HP-temporary well locations in the AOC 36 CVOC area. The locations of the two temporary wells on the AOC 22-36 data summary figures are requested, as well as the date, data, and MDLs from the temporary well sampling. Alternatively, this issue can be requested and transferred to the AOC 22-36 monitoring report for review, which should be included as part of the CVOC area.

Should you have any questions or would like to discuss this matter further, I can be reached at 212-637-3703, or via email at vargas.ricardito@epa.gov.

Sincerely,

A handwritten signature in black ink, reading "Ricardito Vargas", is positioned below the word "Sincerely,".
